

WID version 2.8 Addenda:

Date	Description	Comment
5/28/2019	stprogcd: changes made to the foreign keys	This eliminates a circular dependency to occcodes.
5/30/2019	Lichist field <i>licnum</i> expanded to numeric(9,0).	States running into issues as their licensee numbers go beyond limit.

WID version 2.7 Errata:

Date	Description	Comment
5/22/19	Changes to the table uiclaims that didn't make it into the 5/15/2019 release of the WID 2.8 – two fields added. See revised data dictionary.
